

WHO

Membership in the Interact Club of Glendora is open to students ages 12-18 who live in Glendora, CA.

OUR ACTIVITIES

We have social, networking and service activities based on the group consensus and in alignment with Rotary goals and priorities.

OUR LEARNING

Rotary provides a rich learning environment of diverse opportunities. We participate with the Glendora Rotary Club in their service projects and are invited to participate in District scholarship events. We can compete to attend Rotary Youth Leadership Camp, learn to apply for grants and more.

FOR THE DONATION OF PRINTING SERVICES**

Interact is a service club for Glendora residents 12-18 who would like to develop leadership skills, make friends, perform service activities, and enhance their resume. Students will have the opportunity to network with the members of the Glendora Rotary Club and be invited to Rotary District 5300 events and trainings.

The Rotary Club of Glendora has a 60-year history of contributing to the community. We are one of 46,000 Rotary Clubs in the world and a part of District 5300.

The Interact Club of Glendora is a fun and busy club. One of the projects that club members are the most proud of is their re-vitalization of the garden at Sandburg School. The Interact Club applied for, and received, a grant from Rotary D5300 and were able to put that money to work in the garden. Another important project is their eyeglasses cleaning and sorting project for donation to those unable to afford new glasses.
